3-2-010. Purpose.

- A. Mixed Use.** Mixed Use zones provide a multiple use district to establish areas in mountain, hillside, canyon mountain valley, desert and other open and generally undeveloped lands where human habitation should be limited in order to protect land and other open space resources; to reduce unreasonable requirements for public utility and service expenditures through uneconomic and unwise dispersal and scattering of population; to encourage use of the land, where appropriate, for forestry, grazing, agriculture, mining, wildlife habitat, and recreation; to avoid excessive damage to watersheds, water pollution, soil erosion, danger from brush land fires, damage to grazing and livestock raising, and to wildlife values; to avoid the premature development of lands by discouraging intensive development until the ultimate best use of the land can be recommended by the Planning Commission to the County Commission; and to promote the health, safety, convenience, order, prosperity, and general welfare of the inhabitants of the community.
- B. Agricultural.** Agricultural zones promote and preserve in appropriate areas favorable to agricultural and to maintain greenbelt spaces. These districts are intended to include activities normally and necessarily related to the conduct of agriculture and to protect the district from the intrusion of uses inimical to the continuance of agricultural activity.

The purpose of the A ½ zone in this Chapter is to outline regulations for existing A ½ parcels within Box Elder County. The A ½ zone is not an option for rezones due to this zone not being adequate for agricultural uses.

C. Rural Residential. The purposes of providing a rural residential district are to promote and preserve in appropriate areas conditions favorable to large-lot family life, to maintain a rural atmosphere, to provide for the keeping of limited numbers of animals and fowl, and to reduce requirements for public utilities, services, and infrastructure.

Permitted and conditional uses are indicated by "P" or "C," respectively. If a use is not allowed in a given district, it is either not named in the use list or it is indicated in the appropriate column by a dash, "-." If a regulation applies in a given district, it is indicated in the appropriate column by a numeral to show the linear or square feet required, or by the letter "A." If the regulation does not apply, it is indicated in the appropriate column by a dash, "_."
- B. Accessory Uses.** Permitted and conditional uses set forth in on the Table of Uses Allowed shall be deemed to include accessory uses and activities that are necessarily and customarily associated with and incidental and subordinate to such uses.
1. Accessory uses shall be subject to the same regulations that apply to permitted and conditional uses in the same zone except as otherwise expressly provided in this Code.
 2. No accessory use, building, or structure shall be allowed on a lot or parcel unless a permitted or conditional use has been and is currently established.
